

# Can I have a trial version?

Last Modified on 18/11/2021 11:46 am GMT

A 30-day trial is available on the [Salesforce App Store](#).

The trial can be converted to a standard licence at the end of the trial to provide full access to the Synaptic Pathways application. Research entered into Synaptic Pathways during the trial period will be available when you convert to the standard licence.
