

Can we update the text on the Attitude to Risk Questionnaire when sending to a client?

Last Modified on 19/08/2021 12:44 pm BST

Within Configuration, under your Company Settings > Risk Questionnaire Message, you can enter additional text which will appear alongside the standard email information when sending an Attitude to Risk Questionnaire to a client to complete.

Hello

As we discussed, here is an Attitude to Risk questionnaire that I'd like you to complete.

Risk Questionnaire Message text will appear here>

You do not have to enter any personal data. It's simply a list of questions about how you perceive financial risk.

This is a one-time use, private access portal. You can access it through this link:

Once you've completed the questionnaire, I'll get a notification to say it's ready for me to look at.

If you have any questions about this, please do not hesitate to contact me.

Many thanks,
