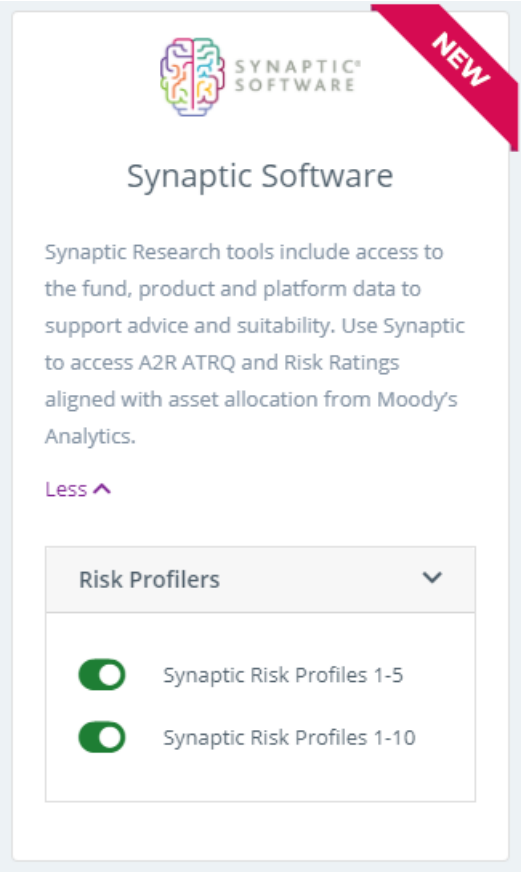
ATEB Suitability content integration

Last Modified on 06/04/2021 11:32 am BST

Synaptic Risk Profiles are now available as content integration within ATEB Suitability Report Writing Software.

The risk profile definitions and descriptions (1-5 and 1-10) as well as introductory text will be available to enable and select when creating your suitability reports within the ATEB Suitability tool.


For more information please contact hello@synaptic.co.uk.
