

How is Stakeholder pension reflected in the research?

Last Modified on 15/11/2021 4:37 pm GMT

Stakeholder can be selected in the Comparison with Ex Ante and Ex Ante results screen.

When selecting a retirement wrapper in the investment details, the 'Stakeholder' button will be available to select:

The screenshot shows the Synaptic Pathways research interface. The top navigation bar includes 'Synaptic Pathways', 'Home', 'Contacts', 'Research', 'Portfolio Builder', 'Investment Pathways', 'Configuration', 'Fund Lists', 'Knowledge Base', and 'CIPSM1'. The main content area is titled 'Test Illustration 27Oct' and shows a 'Research' tab. On the left, there is an 'Investments' section with a 'Self Invested Personal Pension' card. The main area displays a 'Term' of 10 and a 'Stakeholder Pension' button highlighted in red. Below this are filters for 'Provider' and 'Product', and a 'Sort Results by Value' section. The results table shows 19 of 19 results, including '7IM' and 'Aegon' products.

The Stakeholder button will be highlighted in blue and will appear in the results:

The screenshot shows the Synaptic Pathways research interface with the 'Stakeholder Pension' button highlighted in blue. The results table now shows 1 of 1 results for 'Stakeholder Pension'. The table data is as follows:

Product	Growth	Final Value	Total Fees	R.I.Y %
Stakeholder Pension Basic Pension for Comparison Purposes	-1.26%	£194,578.73	£24,921.27	1.26%

The 'Stakeholder Pension' row is highlighted with a red border. Below this, the 'Platforms' section shows 19 of 19 results, including '7IM' and 'Aegon' products.

The Stakeholder pension cannot be selected, but it will allow you to compare it against other options in the results.
