

Comparison & Ex-Ante - Adviser Fees

Last Modified on 06/10/2022 4:23 pm BST

Adviser Fees can be added/amended through the **Fees** tab:

The screenshot displays the Synaptic software interface for a 'Test Comparison 2'. The 'Fees' tab is selected, showing a table of investment results. The table includes columns for Growth, Final Value, Total Fees, and RLY. The data is filtered by provider and product.

Platform	Product	Growth	Final Value	Total Fees	RLY
7IM	Seven Investment Management TIM SIPP	4.15%	£642,664.56	£52,716.78	0.85%
7IM	Seven Investment Management Modular SIPP	4.11%	£640,455.50	£54,925.84	0.89%
7IM	Seven Investment Management AJ Bell Investcentre SIPP	4.09%	£639,441.78	£55,939.57	0.91%
PLATFORM	P1 Investment Management The P1 SIPP	3.98%	£632,838.70	£62,542.65	1.02%
RAYMOND	Raymond James Investment Services Ltd				

If you have chosen to set Adviser Fees per Investment, the **Add Fees Per Investment** button will be enabled and fees will be greyed out. You will need to edit each investment in the Investments tab to change the fees per wrapper.

The screenshot shows a web interface with a top navigation bar containing 'Investments', 'Switches/Trades', and 'Fees'. A mouse cursor is pointing at the 'Fees' tab. Below the navigation bar is a form titled '+ Add Fees (Optional)' with the instruction 'Provide the fees to be applied for the comparison calculation.' The form includes a toggle switch for 'Add Fees Per Investment' which is currently turned on and labeled 'Active'. Below this are several input fields: 'Initial Fee' with a percentage selector (0.00%), 'Regular Annual Fee' with a percentage selector (0.00%), 'One off Fee for Advice' with a currency selector (£) and a value of £0, 'Fee on Regular Contribution' with a percentage selector (0.00%), and 'Over How Many Contributions' with a value of 0. At the bottom of the form is a button labeled 'Set Fees +'.

If you would like to disable fees per investment, untick the **Add Fees Per Investment** button and complete the fee information:

This screenshot shows the same 'Fees' configuration page as above, but the 'Add Fees Per Investment' toggle switch is now turned off and labeled 'Inactive'. A mouse cursor is pointing at the toggle. The other input fields remain the same: 'Initial Fee' (0.00%), 'Regular Annual Fee' (0.00%), 'One off Fee for Advice' (£0), 'Fee on Regular Contribution' (0.00%), and 'Over How Many Contributions' (0). The 'Set Fees +' button is now highlighted in green.

Click **Set Fees +** to apply to the Results:

Investments Switches/Trades **Fees**

[+ Add Fees \(Optional\)](#)
Provide the fees to be applied for the comparison calculation.

Add Fees Per Investment Inactive

Initial Fee

Regular Annual Fee

One off Fee for Advice

Fee on Regular Contribution

Over How Many Contributions

The button will be greyed out once applied.

Investments Switches/Trades **Fees**

[+ Add Fees \(Optional\)](#)
Provide the fees to be applied for the comparison calculation.

Add Fees Per Investment Inactive

Initial Fee

Regular Annual Fee

One off Fee for Advice

Fee on Regular Contribution

Over How Many Contributions

The button will become available again if any changes are made.
