

# Comparison & Ex-Ante using a CIP - Select Platform/Custom Combination

Last Modified on 13/02/2024 3:34 pm GMT

When you are ready to select the Platform or Platform and Off Platform combination, select the + next to the chosen product:

The screenshot displays a software interface for investment selection. On the left, there are two investment categories: 'Pensions' with an investment amount of £239,829.70 and 'Individual Savings Accounts' with an investment amount of £25,652.00. Both are set to a 'Balanced (High End)' risk category and 'Auto' target portfolio. The main area shows a list of platforms with their respective products, growth rates, final values, total fees, and RLY percentages. The 'AJ Bell (Investcentre)' platform is selected, with a final value of £376,474.72 and a total fee of £44,496.16. Other platforms include 'transact1' and '7IM'. A 'Continue to Ex-ante Illustration' button is visible at the bottom.
