This article is a continuation of [Income Analysis - Income Requirements](#)

The Other Incomes area allows you to complete State Pension information and any other income to include in the analysis.

State Pension

The screenshot shows a web form titled "Test Income Analysis 1" with a client name of "Susanna West" and a description of "Test Description". The form is currently on the "Other Incomes" step. The "State Pension" section includes a toggle for "Include State Pension in the Calculation" set to "Yes", and input fields for "State Pension Age" (68 years), "Months" (0), and "Yearly Income" (10,600.20). There is also a section for "Include additional State Pension in the Calculation" with a "Yes" toggle. A "What's Shown Here" sidebar provides instructions on including state pension and a link to the gov.uk website. The form has "Back", "Continue to Result Page", and "Continue to Next Step" buttons at the bottom.

State Pension is automatically selected and values entered from the Gov.uk website.

These figures can be overridden:

This close-up shows the "State Pension" section with the "Include State Pension in the Calculation" toggle set to "Yes". The "State Pension Age" is overridden to 67 years, while "Months" remains 0 and "Yearly Income" remains 10,600.20. The "Include additional State Pension in the Calculation" toggle is also set to "Yes".

Additional state pension can be added:

This close-up shows the "Include additional State Pension in the Calculation" section. The "Yes" toggle is highlighted with a mouse cursor, indicating that additional state pension can be added. The "State Pension Age" is 67 years, "Months" is 0, and "Yearly Income" is 10,600.20.

Complete details of the additional pension. This will be taken into account in the results:
