Pathways intelliflo office integration

Using the Synaptic Pathways app you are able to bring across information from your clients and holdings from intelliflo to Synaptic Pathways. This allows you to link seamlessly to Synaptic Pathways to carry out your research without the need to re-enter your client and holding details.

Go to the [intelliflo store](#) and search for **Synaptic Pathways** using the search bar

Select **Synaptic Pathways** to see an overview of the app and click on the **Install** button

Once the Synaptic Pathways app has been installed, it will appear in **Filters > Installed apps**
