

What's in Pathways 6.10 Release?

Last Modified on 06/08/2024 9:54 am BST

We're pleased to share the highlights of our latest Pathways product release

What's New in Version 6.10

- **Research Journeys**
 - results display reason the platform and products have been excluded
- **Retirement Cashflow Income Analysis**
 - capture baseline expenditure plus current & in retirement tax rates
 - associate withdrawals to client goals
 - compare multiple scenarios with option to include in report with recommended solutions
- **Holdings**
 - the value of the underlying funds will be populated automatically when created as part of the ex-ante journey
