

Income Analysis - Advanced Options - Choosing your selected scenario

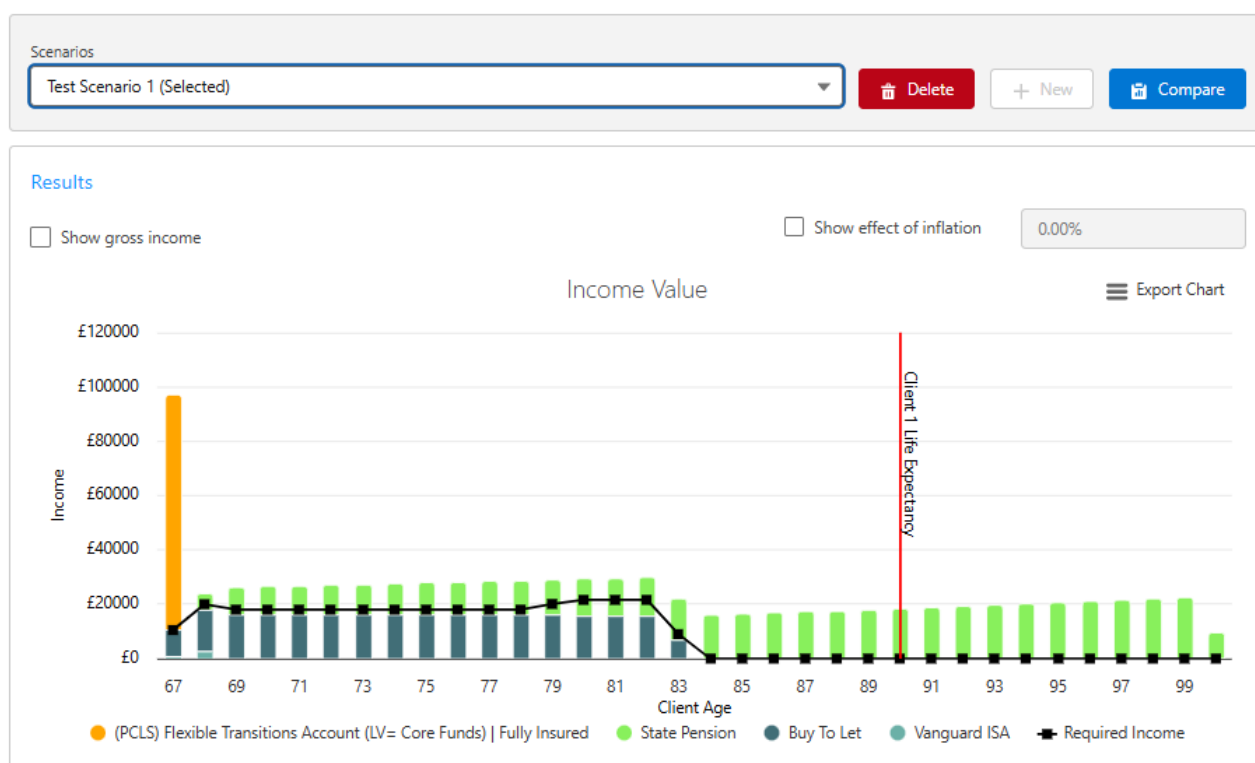

29/07/2025 11:49 am BST

This article is a continuation of [Income Analysis - Advanced Options - Compare](#)

When you have compared the scenarios, pick the selected scenario by choosing it from the dropdown

Once chosen it will show (Selected) in title:

This will be used as the chosen scenario in the report.

Additional scenarios will also be listed in the report as considered, you are able to select which scenarios to include

in the report through the Report tab.

See next article: [Income Analysis - Select scenarios to include in the Report](#)
