

# Income Analysis - Advanced Options - Choosing your selected scenario

24/02/2025 12:53 pm GMT

This article is a continuation of [Income Analysis - Advanced Options - Compare](#)

When you have compared the scenarios, pick the selected scenario by choosing it from the dropdown

The screenshot displays the 'Advanced Options' section of the software. The 'Scenarios' dropdown menu is open, showing a list of scenarios: 'Test Scenario 3 (Selected)', 'Baseline', 'Test Scenario 1', 'Test Scenario 2', and 'Test Scenario 3 (Selected)'. A mouse cursor is hovering over 'Test Scenario 1'. Below the dropdown is a bar chart showing income values from age 67 to 99. A red vertical line at age 91 is labeled 'Client 1 Life Expectancy'. The 'Income Requirements' panel on the right shows 'Living Expenses - Age 67 - Age 79' with a frequency of 'Monthly' and an amount of '£2,000.00'.

Once chosen it will show (Selected) in title:

The close-up screenshot shows the 'Scenarios' dropdown menu with 'Test Scenario 1 (Selected)' chosen. Below it is the 'Results' section with a bar chart titled 'Income Value'. The chart shows income values from age 67 to 99. A red vertical line at age 91 is labeled 'Client 1 Life Expectancy'. The legend includes '(PCLS) Flexible Transitions Account (LV= Core Funds) | Fully Insured', 'State Pension', 'Buy To Let', 'Vanguard ISA', and 'Required Income'.

This will be used as the chosen scenario in the report.

Additional scenarios will also be listed in the report as considered.
